PROFILE

I am a passionate developer with strong expertise in React, JavaScript, HTML, CSS, and Material UI, complemented by a creative background in graphic design. I am also proficient in Solidity and actively contribute to blockchain and smart contract development. Currently, I am expanding my knowledge in networking by studying Cisco CCNA on Udemy. With a unique blend of technical skills, creative problem-solving, and a commitment to continuous learning, I strive to build innovative, user-friendly, and visually compelling applications.
